

The Statistical Hockey League
 “Look-See” Edition.

Welcome The S*H*L’s “Look-See” Edition. This will give you a little taste of how the complete game is played. Included in this edition will be an FAQ, a brief card description, and a sample of the card formula itself.

Q: How is this game played?

A: This game is played with a deck of 100 custom-made cards. Flip over three cards, and BOOM! ...you got yourself a hockey game!

Q: My game ended in a tie... NOW what?

A: Don’t want ties? Simply flip over a fourth card!

Q: That’s it?

A: Yes. The formula contained in the deck is all you’ll need to run a complete league, with unlimited results! **There is so much more information contained in the actual “The S*H*L: Basic Edition 1.0” than you’ll find in this edition. This edition is for explanation purposes only.** “The S*H*L: Advanced Edition” and expansion modules will be available very soon.

Q: Can I change the formula?

A: Well, I guess you can do anything that you set your mind to, but **changing the customized formula in the game is not recommended.** and I’m like, pretty sure it’s illegal, too. You will get lopsided game results if you attempt to tamper with the formula. This exhaustibly play-tested deck has been meticulously developed from actual game results.

Here is an example of what you may find when flipping a card over from the deck:

-Example Card-

H - 8
V - 9

X-V-LW-RD/G - 15
O-H-C-(HK) - 7
O-V-LW-(Chrg) - 4
X-H-RD-RW/LD - 3^{PP}

-Example Card-

← Shots on goal for Home and Visitors.

← Goal scored by Visiting team. Left Wing, assisted by the Right Defenseman and Goaltender at the 15 minute mark.

← Penalty on Home team by the Center. Hooking at the 7 minute mark.

← Penalty on Visiting team by Left Wing. Charging at 4 minute mark.

← Goal scored Home team. Right Defenseman, assisted by the Right Wing and Left Defenseman at the 3 minute mark. Power Play goal due to Visitor penalty one minute before.

Of course you can record your stats anyway that you want. One of the fun parts of the game is the ability to customize most aspects of it.
